### **LUIRI GOLD – SALE OF LACHLAN STAR SHARES, SUBSCRIPTION FOR NEW SHARES BY CARLTON RESOURCES PLC AND CHANGE IN THE BOARD OF DIRECTORS**

**Luir Gold Limited (TSX.V: LGL, ASX: LGM)** (“Luir” or the “Company”) announces that it has entered into an agreement with Carlton Resources plc (“**Carlton**”) dated February 12, 2011 (the “**Carlton Agreement**”) pursuant to which the Board of Directors and Management of the Company will be changed. Carlton is a public, unlisted company 28% owned by Nyota Minerals Limited (“**Nyota**”) (ASX, AIM:NYO).

Pursuant to the Carlton Agreement, Carlton will complete a private placement of 5,875,000 common shares of the Company at a price of A\$0.15 per share (the “**Private Placement**”). Four existing directors of the Company have agreed to tender their resignations concurrently with the completion of the Private Placement, to be replaced by three new directors nominated by Carlton.

The Private Placement is subject to the acceptance of the TSX Venture Exchange and is expected to be completed on or before February 16, 2011.

In a transaction related to the Carlton Agreement, Lachlan Star Limited (“**Lachlan**”) will complete the sale of all of its 23% holding in Luir, 26.0 million shares, at a price of A\$0.15 per share, to various purchasers procured by Ocean Equities Limited, a London based investment bank. It is the Company’s understanding that none of these purchasers hold in excess of 10% of the issued shares of the Company as a result of the sale of Luir shares by Lachlan. Carlton’s shareholding in Luir upon completion of the Private Placement will represent approximately 5% of the issued shares of the Company.

Robert Brown will remain a Non Executive Director of Luri. The Board would like to thank each of the outgoing Directors for their contributions to the Company. The employment contracts of Michael Sperinck and Peter Tanham will be terminated effective upon the completion of the Private Placement. However, both will be engaged as consultants to Luri to assist with transitional arrangements.

#### Status of tenure to LML48

As announced by the Company on 4 February 2011, the Attorney General of Zambia has informed the Ministry of Mines and Development that it has no objections to them entering into discussions with Luri in order to find an amicable settlement on the issue of the cancellation of the Mining License LML48 (“**Tenure Issues**”). The Company has preserved its legal position by appealing the cancellation in the High Court of Zambia and the High Court has upheld the ruling of a stay against the cancellation of LML48 until the full appeal process is completed.

#### Company Direction

The New Directors will continue to work to resolve the Tenure Issues and intend to hold direct discussions with the relevant officials in Zambia as soon as possible. It is the Company's intention to grow via a regional exploration programme which would run parallel to the development of LML 48 following resolution of the Tenure Issues.
